## FEE INFORMATION

The tuition fees (shown in Australian dollars) are based on a normal full-time workload of 100 credits per semester (200 credits per year) unless otherwise stated. Students studying more than 100 credits per semester will have a higher annual tuition fee. The tuition fee is calculated and charged on a semester or, where appropriate, trimester basis. A student should expect that the indicative semester/trimester course fee, as shown on the Letter of Offer, might vary from the actual tuition fee depending on the units (subjects) undertaken. The actual tuition fee is not calculated until enrolment is completed. To calculate the actual course fee, you can refer to the unit (subject) fee that is listed at [www.fees.curtin.edu.au/course\\_fees.cfm](http://www.fees.curtin.edu.au/course_fees.cfm)

The total indicative course fee is an estimate of the total fee for the entire duration of the course and includes estimated indexed yearly increases. Indicative essential incidental fee may be for items such as extra lab materials or course materials specific to that course. All fees listed are subject to annual increases. Information is correct as at January 2011 but is subject to change.

## REFUND AGREEMENT

The categories under which the University Fees Centre will assess an application for refund are laid out in the University's International Students Refund Agreement.

The Agreement stipulates the circumstances that determine the levels of reimbursement a student applying for refund is eligible to receive.

The Agreement is supplied to you with your Letter of Offer and can also be accessed online at [www.fees.curtin.edu.au/refunds\\_forms.cfm](http://www.fees.curtin.edu.au/refunds_forms.cfm)

Please refer to [www.fees.curtin.edu.au/refunds.cfm](http://www.fees.curtin.edu.au/refunds.cfm) for the most up-to-date information as the policy is subject to change from time to time.
